This summary provides an overview of selected information contained elsewhere or incorporated by reference in this prospectus and does not contain all of the information you should consider before investing in our securities. You should carefully read the prospectus, the information incorporated by reference and the registration statement of which this prospectus is a part in their entirety before investing in our securities, including the information discussed under "Risk Factors" in this prospectus and the documents incorporated by reference and our financial statements and related notes that are incorporated by reference in this prospectus. In this prospectus, unless the context indicates otherwise, "FABC," the "Company," the "registrant," "we," "us," "our," or "ours" refer to Fabric.AI, Inc. and its consolidated subsidiaries.

Overview

The Company is a fabless semiconductor company focused on the design and development of optical interconnect technologies and other system-critical semiconductor solutions for artificial intelligence ("AI") data center infrastructure. In April 2026, we commenced a strategic transition toward a new business model focused on the design and development of fabless semiconductor technologies for AI data center infrastructure, including MicroLED-based optical interconnects and other system-critical semiconductor solutions intended to enable faster, more efficient, and more scalable AI workloads. In connection with this strategic transformation, effective April 28, 2026, the Company changed its corporate name from StableX Technologies, Inc. to Fabric.AI, Inc. and changed its ticker symbol on The Nasdaq Stock Market LLC ("Nasdaq") from "SBLX" to "FABC," which commenced trading under the new symbol on April 29, 2026. The Company's common stock, par value $0.0001 per share (the "Common Stock"), is listed on Nasdaq.

Our initial product under development is the Neural I/o™ chip (the "Neural I/o chip"), a micro light-emitting diode ("MicroLED") based optical interconnect being developed in collaboration with Kopin Corporation, a Delaware corporation ("Kopin") (Nasdaq: KOPN), pursuant to a Joint Development and License Agreement dated April 27, 2026 (the "JDA"), by and between the Company and Kopin. The Neural I/o chip is intended to replace traditional electrical interconnects with optical links to enable high-bandwidth, low-latency communication between compute nodes, with an initial focus on GPU-to-GPU connectivity for AI data center applications.

We have a limited operating history in the AI semiconductor industry. We are a development-stage company with no revenue from our semiconductor operations to date, and there can be no assurance that we will successfully develop, commercialize, or achieve market acceptance of our technologies.

Series H-7 Private Placement

On August 7, 2023, the Company entered into that certain Securities Purchase Agreement, dated as of August 7, 2023 (the "Series H-7 Purchase Agreement") with certain accredited investors (the "Series H-7 Investors"), pursuant to which it agreed to sell to the Series H-7 Investors (i) an aggregate of 22,000 Series H-7 Convertible Preferred Stock ("Series H-7 Preferred Stock"), par value $0.0001 per share, with a stated value of $1,000 per share, and (ii) warrants (the "Series H-7 Warrants") with an initial exercise price equal to $128.00 (as may be adjusted from time to time, the "Series H-7 Exercise Price"), after giving effect to the Company's 1-for-16 reverse stock split which began trading on a split-adjusted basis on June 26, 2025. In connection with the Private Placement (as defined below), the Series H-7 Exercise Price was further adjusted to $2.51 per share pursuant to the full ratchet anti-dilution provisions contained in the Series H-7 Warrants and the number of shares of Common Stock issuable upon the exercise of the Series H-7 Warrants was adjusted proportionally to an aggregate of 8,500,542 shares. As of July 16, 2026, there were Series H-7 Warrants to purchase up to 7,320,542 shares of Common Stock issued and outstanding. The closing of the transactions contemplated by the Series H-7 Purchase Agreement occurred on August 10, 2023 (the "Series H-7 Closing Date").

The Series H-7 Warrants expire five years from the date of issuance. The Series H-7 Exercise Price is subject to customary adjustments for stock dividends, stock splits, reclassifications and the like, and subject to price-based adjustment, on a "full ratchet" basis, in the event of any issuances of Common Stock, or securities convertible, exercisable or exchangeable for Common Stock, at a price below the then-applicable Series H-7 Exercise Price (subject to certain exceptions). There is no established public trading market for the Series H-7 Warrants and the Company does not intend to list the Series H-7 Warrants on any national securities exchange or nationally recognized trading system.

Registration Rights Agreement

In connection with the Series H-7 Purchase Agreement, the Company and the investors entered into a Registration Rights Agreement, dated as of August 7, 2023, (the "Series H-7 Registration Rights Agreement"), pursuant to which the Company is required to file a resale registration statement (the "Series H-7 Registration Statement") with the SEC, which was filed with the SEC on September 8, 2023, as amended, to register for resale 150% of the shares of Common Stock issuable upon conversion of the Series H-7 Preferred Stock and upon exercise of the Series H-7 Warrants (such amount, the "Required Registration Amount") promptly following the Series H-7 Closing Date, but in no event later than 30 calendar days after the Series H-7 Closing Date, and to have such Series H-7 Registration Statement declared effective by the Effectiveness Deadline (as defined in the Series H-7 Registration Rights Agreement).

Pursuant to the Series H-7 Registration Rights Agreement, if the number of shares available for resale under the applicable registration statement falls below 90% of the Required Registration Amount (calculated assuming (x) the Warrants are exercisable in full at the then-prevailing Series H-7 Exercise Price, without regard to any limitations on exercise as set forth therein and (y) the shares of Series H-7 Preferred Stock are then convertible in full into shares of Common Stock at the Floor Price (as defined in the Series H-7 Certificate of Designation), without regard to any limitations on conversion as set forth therein), the Company is required to file an amendment to the existing registration statement or a new registration statement to register additional shares to meet the Required Registration Amount (the "Additional Registration Statement Requirement"). This Registration Statement is being filed in part to register additional shares of Common Stock issuable upon exercise of the Series H-7 Warrants in order to satisfy the Company's obligations pursuant to the Additional Registration Statement Requirement.

Recent Developments

Name Change

In connection with our change in business strategy, on April 27, 2026, the Company filed a Certificate of Amendment to the Company's Amended and Restated Certificate of Incorporation (the "Certificate of Amendment") to change the name of the Company from "StableX Technologies, Inc." to "Fabric.AI, Inc.," effective as of 12:01 Eastern Time on April 28, 2026 (the "Name Change"). In addition, effective before the open of market trading on April 29, 2026, the Company's Common Stock ceased trading under the ticker symbol "SBLX" and began trading on the Nasdaq Stock Market under the ticker symbol "FABC". The Company believes the name change better reflects the Company's transition to its new infrastructure strategy, involving building fabless semiconductor technologies to power AI factories and smart data centers optimized for producing intelligence at scale.

Private Placement of Preferred Shares and Investor Warrants

On April 27, 2026, we entered into the Securities Purchase Agreement (the "Purchase Agreement") with certain accredited investors (the "Investors"), pursuant to which we issued and sold on April 29, 2026 (the "Closing Date") in a private placement (i) an aggregate of 21,500 shares of the Company's newly-designated Series K Convertible Preferred Stock, with a par value of $0.0001 per share and a stated value of $1,000 per share ("Stated Value"), initially convertible into up to 8,565,737 shares of the Company's Common Stock at an initial conversion price of $2.51 per share (the "Conversion Price"), and excluding the issuance of any Dividend Shares, and (ii) warrants (the "Investor Warrants") to acquire up to an aggregate of 8,565,737 shares of Common Stock at an initial exercise price of $2.51 per share (collectively, the "Private Placement"). The aggregate gross proceeds from the Private Placement were $21,500,000.

The terms of the Preferred Shares are as set forth in the Certificate of Designations of the Series K Convertible Preferred Stock of Fabric.AI, Inc. (the "Certificate of Designations"), which was filed and became effective with the Secretary of State of the State of Delaware on April 27, 2026. The Investor Warrants are immediately exercisable and expire five years from the date of issuance.

In connection with the Private Placement, pursuant to an engagement agreement, dated as of April 23, 2026 (the "Engagement Agreement") with GP Nurmenkari Inc. ("GPN"), the Company engaged GPN to act as placement agent in connection with the Private Placement, pursuant to which, the Company agreed to (i) pay GPN a cash fee equal to 8% of the gross proceeds of the Private Placement (including any cash proceeds realized by the Company from the exercise of any outstanding warrants of the Company), (ii) reimbursement and payment of certain expenses up to $10,000, and (iii) issue GPN on the Closing Date, warrants (the "Placement Agent Warrants" and, together with the Investor Warrants, the "Private Placement Warrants") to purchase up to an aggregate number of shares of Common Stock equal to 8% of the aggregate number of shares of Common Stock initially underlying the Series K Preferred Stock issued in the Private Placement, including upon exercise of any outstanding warrants of the Company, with terms identical to the Investor Warrants.

The Private Placement is exempt from the registration requirements of the Securities Act of 1933, as amended (the "Securities Act"), pursuant to the exemption for transactions by an issuer not involving any public offering under Section 4(a)(2) of the Securities Act and Rule 506 of Regulation D of the Securities Act and in reliance on similar exemptions under applicable state laws. Each of the Investors in the Private Placement has represented to us that it is an accredited investor within the meaning of Rule 501(a) of Regulation D and that it is acquiring the securities for investment only and not with a view towards, or for resale in connection with, the public sale or distribution thereof. The Series K Preferred Stock and Investor Warrants were offered and sold without any general solicitation by us or our representatives.

Registration Rights Agreement

In connection with the Private Placement, on April 27, 2026, we entered into that certain Registration Rights Agreement, by and among us and the Investors (the "Registration Rights Agreement") pursuant to which we are obligated, among other things, to (A) file a resale registration statement (the "Registration Statement") with the SEC to register for resale promptly following the Closing Date, but in no event later than 30 calendar days after the Closing Date, the sum of (i) 200% of the maximum number of Conversion Shares issuable upon conversion of the Preferred Shares ((x) assuming for purposes hereof that the Preferred Shares are convertible at the Floor Price (as defined herein) and (y) any such conversion shall not take into account any limitations on the conversion of the Preferred Shares set forth in the Certificate of Designations) and (ii) 200% of the maximum number of Investor Warrant Shares issuable upon exercise of the Investor Warrants (without taking into account any limitations on the exercise of such Investor Warrants as set forth therein), in each case subject to the adjustments set forth in the Certificate of Designations and the Investor Warrants, (B) have such Registration Statement declared effective by the Effectiveness Deadline (as defined in the Registration Rights Agreement and as may be amended from time to time), and (C) maintain the registration until the earlier of (x) the date on which the selling stockholders may sell their Conversion Shares or Investor Warrant Shares without restriction pursuant to Rule 144 under the Securities Act, and (y) the date on which the selling stockholders no longer hold any Conversion Shares or Investor Warrant Shares.

The Company will be obligated to pay certain liquidated damages to the Investors if the Company fails to file the Registration Statement when required, fails to cause the Registration Statement to be declared effective by the SEC when required, or fails to maintain the effectiveness of the Registration Statement pursuant to the terms of the Registration Rights Agreement.

Preferred Shares

The Preferred Shares are convertible into Common Stock at the election of the holder at any time at an initial conversion price of $2.51 (the "Conversion Price"). The 21,500 shares of the Preferred Shares issued in the Private Placement are convertible into up to 8,565,737 shares of the Company's Common Stock at the initial Conversion Price of $2.51 per share, which excludes the issuance of any Dividend Shares. If all Preferred Shares were converted at the Floor Price of $0.502 per share, the Preferred Shares would be convertible into up to 42,828,686 shares of Common Stock (the "Floor Price Conversion Amount"). This prospectus registers 85,657,372 Conversion Shares, which represents 200% of the number of shares of Common Stock issuable upon conversion of the Preferred Shares, assuming conversion at the Floor Price.

The Conversion Price is subject to customary adjustments for stock dividends, stock splits, reclassifications, stock combinations and the like. The Conversion Price may also be voluntarily reduced by the Company to any amount and for any period of time deemed appropriate by the Board at any time with the prior written consent of the holders of at least a majority of the outstanding Preferred Shares (the "Required Holders"), subject to the rules and regulations of Nasdaq and provided that such price will not be less than $0.502, which was 20% of the "Minimum Price" (as defined in Rule 5635 of the Nasdaq Stock Market) on the date of the Purchase Agreement, subject to adjustment for stock splits, stock dividends, stock combinations, recapitalizations or other similar events, or, in any case, such lower amount as permitted, from time to time, by the Nasdaq Capital Market (the "Floor Price"). Any voluntary reduction in the Conversion Price would increase the number of shares of Common Stock issuable upon conversion of the Preferred Shares. In addition, if Nasdaq's rules, interpretations or approvals permit the Company to reduce the Floor Price below $0.502, as adjusted, then the lower amount would become the lowest price to which the Company could voluntarily reduce the Conversion Price with the consent of the Required Holders. Accordingly, if Nasdaq permits the Company to use a lower Floor Price and the Company voluntarily reduces the

Conversion Price to such lower amount with the consent of the Required Holders, the maximum number of shares of Common Stock issuable upon conversion of the Preferred Shares could exceed the Floor Price Conversion Amount of 42,828,686 shares of Common Stock.

All shares of capital stock of the Company rank junior to the Preferred Shares, with respect to the preferences as to dividends, distributions and payments upon the liquidation, dissolution and winding up of the Company.

The holders of the Preferred Shares are entitled to dividends of 7% per annum ("Dividends"), compounded each calendar quarter, which are payable in arrears (i) on the first trading day of each calendar quarter (each, a "Dividend Date"), with the first Dividend Date being July 1, 2026, in cash out of funds legally available therefor; provided that a holder of the Preferred Shares and the Company may mutually agree to convert any Dividends into shares of Common Stock at a price to be mutually determined by the Company and such holder, which shall not be less than the Floor Price. The holders of the Preferred Shares are entitled to vote with holders of the Common Stock on an as-converted basis, with the number of votes to which each holder of Preferred Shares is entitled to be calculated assuming a conversion price of $2.51 per share, which was the Minimum Price (as defined in Rule 5635 of the Rules of the Nasdaq Stock Market) applicable immediately before the execution and delivery of the Purchase Agreement, subject to certain beneficial ownership limitations as set forth in the Certificate of Designations.

The Certificate of Designations includes certain Triggering Events (as defined in the Certificate of Designations), including, among other things, the suspension from trading or the failure of our Common Stock to be trading or listed (as applicable) on an eligible market for a period of five (5) consecutive trading days and our failure to pay any amounts due to the holders of the Preferred Shares when due. Upon the occurrence and during the continuance of a Triggering Event, the Preferred Shares accrue dividends at the rate of 15% per annum. In addition, in connection with a Triggering Event, each holder of the Preferred Shares will be able to require us to redeem in cash any or all of the holder's Preferred Shares at a premium set forth in the Certificate of Designations. Further, upon a Triggering Event, a holder of the Preferred Shares, at such holder's option, by delivery of a notice of conversion ("Triggering Event Conversion Notice") to the Company, convert all, or any number of Preferred Shares held by such holder into shares of Common Stock at a price equal to the lowest of (i) the applicable Conversion Price as in effect on the applicable date of conversion, and (ii) the greater of (x) the Floor Price and (y) 80% of the lowest volume weighted average price of the Common Stock of any trading day during the twenty (20) consecutive trading day period ending and including the trading day immediately preceding the delivery or deemed delivery of the applicable Triggering Event Conversion Notice.

Notwithstanding the foregoing, our ability to issue any shares of Common Stock upon conversion of any Preferred Shares or otherwise pursuant to the terms of the Certificate of Designations is subject to certain limitations set forth in the Certificate of Designations, including a limit on the number of shares that may be issued until the time, if any, that our stockholders have approved the issuance of more than 19.99% of our issued and outstanding shares of Common Stock in accordance with Nasdaq listing standards at prices below the "Minimum Price" (as defined in Rule 5635 of the Rules of the Nasdaq Stock Market) on the date of the Purchase Agreement pursuant to the terms of the Series K Preferred Stock and the applicable Investor Warrants (the "Stockholder Approval" and the date on which such Stockholder Approval is received, the "Stockholder Approval Date"). The Purchase Agreement requires the Company to hold a meeting of its stockholders not later than June 26, 2026, to seek the Stockholder Approval. On June 16, 2026, Stockholder Approval was obtained at the Company's annual meeting of stockholders.

Further, a holder of Preferred Shares may not convert any portion of such holder's Preferred Shares to the extent that the holder, together with its affiliates, would beneficially own more than 4.99% (or, at the election of the holder, 9.99%) of the Company's outstanding shares of Common Stock immediately after conversion, except that upon at least 61 days' prior notice from the holder to the Company, the holder may increase the beneficial ownership limitation to up to 9.99% of the number of shares of Common Stock outstanding immediately after giving effect to the conversion.

Private Placement Warrants

The Private Placement Warrants are exercisable for shares of Common Stock immediately, at an exercise price of $2.51 per share and expire five years from the date of issuance. The exercise price of each Private Placement Warrant is subject to customary adjustments for stock dividends, stock splits, reclassifications, stock combinations and the like. Upon any such price-based adjustment to the exercise price, the number of Warrant Shares issuable upon exercise of the Private Placement Warrants will be increased proportionately. The exercise price may also be voluntarily reduced by the Company to any amount and for any period of time with the prior written consent of the holders of at least a majority of the outstanding Private Placement Warrants, subject to the rules and regulations of Nasdaq

The Private Placement Warrants may be exercised for cash, provided that, if there is no effective registration statement available registering the exercise of the Private Placement Warrants, the Private Placement Warrants may be exercised on a cashless basis.

A holder of the Private Placement Warrants may not exercise any portion of such holder's Private Placement Warrants to the extent that the holder, together with its affiliates, would beneficially own more than 4.99% (or, at the election of the holder, 9.99%) of the Company's outstanding shares of Common Stock immediately after exercise, except that upon at least 61 days' prior notice from the holder to the Company, the holder may increase the beneficial ownership limitation to up to 9.99% of the number of shares of Common Stock outstanding immediately after giving effect to the exercise.

Consultant Warrants

On April 27, 2026, the Company entered into the Altucher Consulting Agreement with JD Advisors, LLC (the "Consultant"), pursuant to which, the Consultant agreed to provide certain consulting services to the Company, including but not limited to: contributing to product development and roadmap decisions, leading and advising on marketing strategy, branding and go-to-market execution, assisting with recruiting, hiring and team-building efforts, managing and guiding social media presence and communications and supporting general management initiatives across the business and any other consulting or advisory services which the Company reasonably requests that the Consultant provide to the Company. The Altucher Consulting Agreement has a term of two years unless earlier terminated pursuant to the terms of the Altucher Consulting Agreement or upon the mutual written consent of the Company and the Consultant in accordance with the terms of the Altucher Consulting Agreement.

Pursuant to the Altucher Consulting Agreement, and subject to the Consultant entering into a warrant cancellation agreement for the purpose of cancelling previously issued warrants to purchase up to 1,000,000 shares of Common Stock under the prior consulting agreement, the Company issued to the Consultant warrants (each, a "Consultant Warrant") to purchase up to an aggregate of 900,000 shares of Common Stock, consisting of: (i) a warrant to purchase up to 300,000 shares of Common Stock at an exercise price of $3.00 per share, which is immediately exercisable upon issuance (the "First Tranche Warrant"), (ii) a warrant to purchase up to 200,000 shares of Common Stock at an exercise price of $6.00 per share, which will be exercisable six months from the date of issuance (the "Second Tranche Warrant"), (iii) a warrant to purchase up to 200,000 shares of Common Stock at an exercise price of $9.00 per share (the "Third Tranche Warrant"), which will be exercisable twelve months from the date of issuance, and (iv) a warrant to purchase up to 200,000 shares of Common Stock at an exercise price of $12.00 per share (the "Fourth Tranche Warrant" and together with the First Tranche Warrant, the Second Tranche Warrant and the Third Tranche Warrant, the "Consultant Warrants"), which will be exercisable eighteen months from the date of issuance, in each case, with each Consultant Warrant subject to exercisability, forfeiture and such other terms as set forth therein and will have a term of five years from the date of the applicable issuance.

The Consultant Warrants and shares issuable upon exercise of such Consultant Warrants were issued pursuant to an exemption from registration requirements of the Securities Act pursuant to the exemption for transactions by an issuer not involving any public offering under Section 4(a)(2) of the Securities Act and Rule 506 of Regulation D of the Securities Act and in reliance on similar exemptions under applicable state laws. The Consultant has represented to us that it is an accredited investor within the meaning of Rule 501(a) of Regulation D and that it is acquiring the securities for investment only and not with a view towards, or for resale in connection with, the public sale or distribution thereof. The Consultant Warrants were offered without any general solicitation by us or our representatives.

Omnibus Amendments and Waiver Warrants

On April 27, 2026, the Company entered into an Omnibus Waiver, Consent, Notice and Amendment Agreement (the "Series H-7 Omnibus Amendment") with the Required Holders (as defined in the Series H-7 Certificate of Designations), pursuant to which, such Required Holders agreed to amend and restate the Series H-7 Certificate of Designations by filing an Amended and Restated Certificate of Designations of the Series H-7 Preferred Stock (the "Amended and Restated Series H-7 Certificate of Designations") with the Secretary of State of the State of Delaware. The Amended and Restated Series H-7 Certificate of Designations (i) extends the maturity date of the Series H-7 Convertible Preferred Stock to October 27, 2027, and (ii) removes the amortization payments and related terms and covenants.

On April 27, 2026, the Company entered into an Omnibus Waiver, Consent, Notice and Amendment Agreement (the "Series I Omnibus Amendment" and together with the Series H-7 Omnibus Amendment, the "Omnibus Amendments") with the Required Holders (as defined in the Certificate of Designations of the Series I Convertible Preferred Stock (the "Series I Certificate of Designations"), pursuant to which, the Required Holders agreed to amend and restate the Series I Certificate of Designations by filing an Amended and Restated Certificate of Designations of the Series I Preferred Stock (the "Amended and Restated Series I Certificate of Designations") with the Secretary of State of the State of Delaware. The Amended and Restated Series I Certificate of Designations (i) extends the maturity date of the Series I Convertible Preferred Stock to October 27, 2027, and (ii) removes the amortization payments and related terms and covenants.

Pursuant to the Omnibus Amendments, the Company agreed to issue to the Required Holders, warrants to purchase up to an aggregate of 1,000,000 shares of the Company's Common Stock (the "Waiver Warrants"), pro rata based on the number of shares of Series H-7 Preferred Stock and Series I Preferred Stock held as of the date of the Omnibus Amendments.

The Waiver Warrants have an exercise price of $5.00 per share and expire five years from the date of issuance. The exercise price of each Waiver Warrant is subject to customary adjustments for stock dividends, stock splits, reclassifications, stock combinations and the like (in each case, subject to certain exceptions). There is no established public trading market for the Waiver Warrants and the Company does not intend to list the Waiver Warrants on any national securities exchange or nationally recognized trading system.

The Waiver Warrants and shares issuable upon exercise of such Waiver Warrants were issued pursuant to an exemption from registration requirements of the Securities Act pursuant to the exemption for transactions by an issuer not involving any public offering under Section 4(a)(2) of the Securities Act and Rule 506 of Regulation D of the Securities Act and in reliance on similar exemptions under applicable state laws. Each Required Holder has represented to us that it is an accredited investor within the meaning of Rule 501(a) of Regulation D and that it is acquiring the securities for investment only and not with a view towards, or for resale in connection with, the public sale or distribution thereof. The Waiver Warrants were offered without any general solicitation by us or our representatives.

Implications of Being a Smaller Reporting Company

We are a "smaller reporting company" meaning that the market value of our stock held by non-affiliates is less than $700 million and our annual revenue was less than $100 million during the most recently completed fiscal year. We may continue to be a smaller reporting company if either (i) the market value of our stock held by non-affiliates is less than $250 million or (ii) our annual revenue was less than $100 million during the most recently completed fiscal year and the market value of our stock held by non-affiliates is less than $700 million. As a smaller reporting company, we may rely on exemptions from certain disclosure requirements that are available to smaller reporting companies. Specifically, as a smaller reporting company we may choose to present only the two most recent fiscal years of audited financial statements in our Annual Report on Form 10-K and smaller reporting companies have reduced disclosure obligations regarding executive compensation.

As of the date of this filing, the Preferred Shares are convertible into up to 8,565,737 shares of Common Stock at an initial conversion price of $2.51 per share and the Investor Warrants are exercisable into up to 8,565,737 shares of Common Stock at an initial exercise price of $2.51 per share.
Use of Proceeds	We will not receive any proceeds from the sale of the Conversion Shares, Warrant Shares and Dividend Shares by the selling stockholders. However, we will receive proceeds from the exercise of the Warrants if such Warrants, if any, are exercised for cash. We currently intend to use such proceeds for general corporate purposes.
Plan of Distribution	The selling stockholders named in this prospectus, or their pledgees, donees, transferees, distributees, beneficiaries or other successors-in-interest, may offer or sell the shares of Common Stock from time to time through public or private transactions at prevailing market prices, at prices related to prevailing market prices or at privately negotiated prices. The selling stockholders may also resell the shares of Common Stock to or through underwriters, broker-dealers or agents, who may receive compensation in the form of discounts, concessions or commissions. See "Plan of Distribution" beginning on page 21 of this prospectus for additional information on the methods of sale that may be used by the selling stockholders.
Nasdaq Capital Market Symbol	Our Common Stock is listed on the Nasdaq Capital Market under the symbol "FABC."
Risk Factors	Investing in our Common Stock involves significant risks. See "Risk Factors" beginning on page 9 of this prospectus and the documents incorporated by reference in this prospectus.

RISK FACTORS

Investing in our securities involves a high degree of risk. In addition to the other information contained in this prospectus and in the documents we incorporate by reference, you should carefully consider the risks discussed below and under the heading "Risk Factors" in our Annual Report on Form 10-K for the fiscal year ended December 31, 2025, as well as any amendment or update to our risk factors reflected in subsequent filings with the SEC, before making a decision about investing in our securities. The risks and uncertainties discussed below and in the documents incorporated by reference are not the only ones facing us. Additional risks and uncertainties not presently known to us, or that we currently see as immaterial, may also harm our business. If any of these risks occur, our business, financial condition and operating results could be harmed, the trading price of our Common Stock could decline and you could lose part or all of your investment.

Risks Related to this Offering and Our Common Stock

The issuance of the shares of Common Stock covered by this prospectus could significantly increase the total number of shares of Common Stock issued and outstanding and thereby cause our existing stockholders to experience substantial dilution.

The shares of Common Stock being offered pursuant to this prospectus represent Conversion Shares issuable upon the conversion of our Preferred Shares, Warrant Shares issuable upon the exercise of the Warrants and Dividend Shares, if any. As of July 16, 2026, there were 6,653,912 shares of Common Stock issued and outstanding (prior to any deemed issuance of any Conversion Shares or Warrant Shares). If we are required to issue the maximum number of Conversion Shares, Warrant Shares and Dividend Shares that are being registered hereunder, the number of shares of Common Stock issued and outstanding after such issuance would represent approximately 2,914% of the number of shares of Common Stock issued and outstanding as of the date of this prospectus. As a result, an existing stockholder's proportionate interest in us will be substantially diluted. The actual number of shares of Common Stock that we issue to the selling stockholders may be less than the aggregate number of shares covered by this prospectus.

Substantial future sales or other issuances of our Common Stock could depress the market for our Common Stock.

Sales of a substantial number of shares of our Common Stock and any future sales of a substantial number of shares of Common Stock in the public market, including the issuance of shares or any shares issuable upon conversion of the Preferred Shares, exercise of the Warrants, and the issuance of the Dividend Shares or the perception by the market that those sales could occur, could cause the market price of our Common Stock to decline or could make it more difficult for us to raise funds through the sale of equity and equity-related securities in the future at a time and price that our management deems acceptable, or at all. In addition, as opportunities present themselves, we may enter into financing or similar arrangements in the future, including the issuance of debt securities, preferred stock or Common Stock, which could also depress the market for our Common Stock. We cannot predict the effect, if any, that market sales of those shares of Common Stock or the availability of those shares for sale will have on the market price of our Common Stock.

You may experience future dilution as a result of future equity offerings and other issuances of our securities.

In order to raise additional capital, we may in the future offer additional shares of Common Stock or other securities convertible into or exchangeable for our Common Stock prices that may not be the same as the price per share paid by the investors in this offering. We may not be able to sell shares or other securities in any other offering at a price per share that is equal to or greater than the price per share paid by the investors in this offering, and investors purchasing shares or other securities in the future could have rights superior to existing stockholders. The price per share at which we sell additional shares of Common Stock or securities convertible into shares of Common Stock in future transactions may be higher or lower than the price per share paid to the selling stockholders. Our stockholders will incur dilution upon exercise of any outstanding stock options, warrants or other convertible securities or upon the issuance of shares of Common Stock under our stock incentive programs.

Any additional capital raised through the sale of equity or equity-backed securities may dilute our stockholders' ownership percentages and could also result in a decrease in the market value of our equity securities.

The terms of any securities issued by us in future capital transactions may be more favorable to new investors, and may include preferences, superior voting rights and the issuance of warrants or other derivative securities, which may have a further dilutive effect on the holders of any of our securities then outstanding.

In addition, we may incur substantial costs in pursuing future capital financing, including investment banking fees, legal fees, accounting fees, securities law compliance fees, printing and distribution expenses and other costs. We may also be required to recognize non-cash expenses in connection with certain securities we issue, such as convertible notes and warrants, which may adversely impact our financial condition.

Holders of our Preferred Shares are entitled to certain payments under the applicable Certificate of Designations that may be paid in cash, which may require the expenditure of a substantial portion of our cash resources.

Holders of our Preferred Shares are entitled to receive Dividends of 7% per annum, compounded each calendar quarter, which are payable in arrears (i) on the first trading day of each calendar quarter (each, a "Dividend Date"), with the first Dividend Date being July 1, 2026, in cash out of funds legally available therefor; provided that a holder of the Preferred Shares and the Company may mutually agree to convert any Dividends into shares of Common Stock at a price to be mutually determined by the Company and such holder, which shall not be less than the Floor Price.

If we do not have sufficient cash resources to make these payments, we may need to raise additional equity or debt capital, and we cannot provide any assurance that we will be successful in doing so. If we are unable to raise sufficient capital to meet our payment obligations, we may need to delay, reduce or eliminate certain research and development programs or other operations, sell some or all of our assets or merge with another entity. Our ability to make payments due to the holders of our Preferred Shares using cash is also limited by the amount of cash we have on hand at the time such payments are due as well as certain provisions of the Delaware General Corporation Law (the "DGCL").

The Preferred Shares and the Private Placement Warrants contain certain anti-dilution provisions and voluntary adjustment provisions which may dilute the interests of our stockholders, depress the price of our Common Stock, and make it difficult for us to raise additional capital.

Certain events, for example, a Stock Combination Event (as defined in the Certificate of Designations) may reduce the conversion price of the Preferred Shares, which in turn may lead to further dilution to the holders of our Common Stock. In addition, the Company may voluntarily reduce the Conversion Price for any period of time with the prior written consent of the holders of at least a majority of the outstanding Preferred Shares, subject to the Floor Price. Any such reduction would increase the number of shares of Common Stock issuable upon conversion of the Preferred Shares and could result in substantial additional dilution to existing stockholders. Further, if Nasdaq's rules, interpretations or approvals permit the Company to reduce the Floor Price below $0.502, as adjusted, then the lower amount would become the lowest price to which the Company could voluntarily reduce the Conversion Price with the consent of the Required Holders. Accordingly, if Nasdaq permits the Company to use a lower Floor Price and the Company voluntarily reduces the Conversion Price to such lower amount with the consent of the Required Holders, the Preferred Shares could be converted into a substantial number of shares of Common Stock.

The Private Placement Warrants additionally contain anti-dilution provisions applicable to the exercise price. If in the future, while any of the Private Placement Warrants are outstanding, we may be required upon the occurrence of certain events to adjust the exercise price of the Private Placement Warrants, then, simultaneously with any adjustment to the exercise price, the number of shares of Common Stock that may be purchased upon exercise of the Private Placement Warrants will be increased or decreased proportionately, so that after such adjustment the aggregate exercise price payable for the adjusted number of shares of Common Stock issuable upon exercise of the Private Placement Warrants will be the same as the aggregate exercise price in effect immediately prior to such adjustment. The Company may also voluntarily reduce the exercise price of the Private Placement Warrants to any amount and for any period of time with the prior written consent of the holders of at least a majority of the outstanding Private Placement Warrants, subject to the rules and regulations of Nasdaq. Upon any such voluntary reduction, the number of shares of Common Stock that may be purchased upon exercise of the Private Placement Warrants would be increased proportionately so that the aggregate exercise price payable for the adjusted number of Warrant Shares would be the same as the aggregate exercise price in effect immediately prior to such reduction. As a result, any voluntary reduction in the exercise price of the Private Placement Warrants could significantly increase the number of Warrant Shares issuable upon exercise, which could result in substantial additional dilution to existing stockholders and increase the likelihood that a substantial number of Warrant Shares will be issued and resold. These anti-dilution adjustments and voluntary reductions can dilute the book value per share of Common Stock. In addition, the perceived risk of dilution may cause our stockholders to be more inclined to sell their Common Stock, which may in turn depress the price of our Common Stock regardless of our business performance.

We may also find it more difficult to raise additional equity capital while any of the Private Placement Warrants and the Preferred Shares remain outstanding.

The Certificate of Designations contains restrictive covenants and terms that may make it difficult to procure additional financing and that may affect our financial condition and results of operations.

The Certificate of Designations contains certain restrictive covenants including but not limited to: maintaining a minimum amount of unencumbered, unrestricted cash and cash equivalents on hand, until the date on which less than 1,050 shares of the Series I Preferred Stock are outstanding; restrictions on incurring any indebtedness until the date on which no Preferred Shares are outstanding, subject to certain exceptions; restrictions on directly or indirectly, redeeming, repurchasing or declaring or paying any cash dividend or distribution on any of our capital stock (other than as required by the Certificate of Designations, the Series A Certificate of Designations, the Series H-7 Certificate of Designations, the Series I Certificate of Designations and Series J Certificate of Designations), and restrictions on directly or indirectly, permitting any of our indebtedness to mature or accelerate prior to the conversion of all the Series K Preferred Stock. Additionally, the Preferred Shares also contain certain purchase rights (the "Purchase Rights") permitting the holders of the Preferred Shares to acquire upon the terms applicable to such Purchase Rights, the aggregate Purchase Rights which such holder could have acquired if such holder had held the number of shares of Common Stock acquirable upon complete conversion of all of its Preferred Shares. These restrictive covenants may limit our flexibility in raising capital or incurring any indebtedness, which may have an adverse effect on our financial condition.

Under the Purchase Agreement, we are subject to certain restrictive covenants that may make it difficult to procure additional financing.

The Purchase Agreement contains, among others, the following restrictive covenants: (A) until ninety (90) days following the earlier of (x) the date on which this registration statement is declared effective or (y) the date on which the selling stockholders may sell their Conversion Shares or Investor Warrant Shares without restriction pursuant to Rule 144 under the Securities Act, we may not issue, offer, sell, grant any option or right to purchase, or otherwise dispose of (or announce any issuance, offer, sale, grant of any option or right to purchase or other disposition of) any equity security or any equity-linked or related security, (B) until all of the Investor Warrants are no longer outstanding, we shall be prohibited from effecting or entering into an agreement to effect any subsequent placement involving a variable rate transaction, and (C) until the date in which no Preferred Shares remain outstanding, the Company must provide the holders of the Preferred Shares the opportunity to participate in any subsequent securities offerings by us.

If we require additional funding while these restrictive covenants remain in effect, we may be unable to effect a financing transaction on terms acceptable to us, or at all, while also remaining in compliance with the terms of the Purchase Agreement, or we may be forced to seek a waiver from the investors party to the Purchase Agreement, which such investors are not obligated to grant to us.

USE OF PROCEEDS

All shares of our Common Stock offered by this prospectus are being registered for the accounts of the selling stockholders and we will not receive any proceeds from the sale of these shares. However, we will receive proceeds from the exercise of the Warrants if the Warrants are exercised for cash. We intend to use those proceeds, if any, for general corporate purposes. The holders of the Warrants are not obligated to exercise their Warrants for cash, and we cannot predict whether holders of the Warrants will choose to exercise all or any of their Warrants for cash.

SELLING STOCKHOLDERS

Unless the context otherwise requires, as used in this prospectus, "selling stockholders" includes the selling stockholders listed below and donees, pledgees, transferees or other successors-in-interest selling shares received after the date of this prospectus from the selling stockholders as a gift, pledge or other non-sale related transfer.

We have prepared this prospectus to allow the selling stockholders or their successors, assignees or other permitted transferees to sell or otherwise dispose of, from time to time, up to 187,197,294 shares of our Common Stock.

The Common Stock being offered by the selling stockholders are the Dividend Shares and those issuable to the selling stockholders upon conversion of the Preferred Shares and exercise of the Warrants. For additional information regarding the issuance of the Preferred Shares, the Warrants and the Dividend Shares, see "Series H-7 *Private Placement*" and "*Recent Developments*" above. We are registering the Conversion Shares, Warrant Shares and Dividend Shares in order to permit the selling stockholders to offer the shares for resale from time to time. The selling stockholders may also sell, transfer or otherwise dispose of all or a portion of their shares in transactions exempt from the registration requirements of the Securities Act, or pursuant to another effective registration statement covering those shares.

Relationships with the Selling Stockholders

Except for the ownership of the Preferred Shares and the Warrants issued pursuant to the Purchase Agreement, the Engagement Agreement, the Altucher Consulting Agreement, the Waiver Agreement and the Series H-7 Purchase Agreement, as applicable, and except as described in our periodic reports and current reports filed with the SEC from time to time, the selling stockholders have not had any material relationship with us within the past three years.

Information About Selling Stockholders Offering

The table below lists the selling stockholders and other information regarding the beneficial ownership (as determined under Section 13(d) of the Exchange Act and the rules and regulations thereunder) of the shares of Common Stock held by each of the selling stockholders. The second column (titled "Number of Shares of Common Stock Owned Prior to Offering") lists the number of shares of Common Stock beneficially owned by the selling stockholders, based on their respective ownership of shares of Common Stock, Dividend Shares, Preferred Shares and Warrants as of July 16, 2026, assuming (i) conversion of the Preferred Shares, (ii) the issuance of the Dividend Shares in full at a rate of 7% per annum on the stated value of the Preferred Shares, compounded each calendar quarter over an assumed term of three years and assuming that the dividends on the Preferred Shares are paid solely in shares of Common Stock at the Floor Price during such period, (iii) exercise of the Warrants, and (iv) any other warrants held by each such selling stockholder on that date, but taking account of any limitations on conversion and exercise set forth therein.

The third column (titled "Maximum Number of Shares of Common Stock to be Sold Pursuant to this Prospectus") lists the shares of Common Stock being offered by this prospectus by the selling stockholders and does not take in account any limitations on (i) conversion of the Preferred Shares set forth therein or (ii) exercise of the Warrants set forth therein.

The fourth and fifth columns (titled "Number of Shares of Common Stock Owned After Offering" and "Percentage of Common Stock Owned After Offering") assume the conversion of the Preferred Shares at the initial Conversion Price, exercise of the Warrants at the initial exercise price and the issuance of the Dividend Shares in full (assuming a dividend rate of 7% per annum on the stated value of the Preferred Shares, compounded each calendar quarter over an assumed term of three years and assuming that dividends on the Preferred Shares are paid solely in shares of Common Stock at the Floor Price during such period) and the sale of all of the shares offered by the selling stockholders pursuant to this prospectus.

The terms of the Registration Rights Agreement require us to register the number of shares of Common Stock equal to the sum of (i) 200% of the maximum number of Conversion Shares issuable upon conversion of the Preferred Shares ((x) assuming for purposes hereof that the Preferred Shares are convertible at the Floor Price and (y) any such conversion shall not take into account any limitations on the conversion of the Preferred Shares set forth in the Certificate of Designations) and (ii) 200% of the maximum number of Warrant Shares issuable upon exercise of the Investor Warrants (without taking into account any limitations on the exercise of such Investor Warrants as set forth therein), in each case subject to the adjustments set forth in the Certificate of Designations and Warrants.

Additionally, we are registering 100% of the maximum number of Warrant Shares issuable upon exercise of the Placement Agent Warrants issued to GPN (without taking into account any limitations on the exercise of such Placement Agent Warrants set forth therein).

Additionally, we are registering 100% of the maximum number of Warrant Shares issuable upon exercise of the Consultant Warrants issued to JD Advisors, LLC (without taking into account any limitations on the exercise of such Consultant Warrants set forth therein).

Pursuant to the Series H-7 Registration Rights Agreement, if the number of shares available for resale under the applicable registration statement falls below 90% of the Required Registration Amount (calculated assuming (x) the Warrants are exercisable in full at the then-prevailing Series H-7 Exercise Price, without regard to any limitations on exercise as set forth therein and (y) the shares of Series H-7 Preferred Stock are then convertible in full into shares of Common Stock at the Floor Price (as defined in the Series H-7 Certificate of Designation), without regard to any limitations on conversion as set forth therein), the Company is required to file an amendment to the existing registration statement or a new registration statement to register additional shares to meet the Required Registration Amount. This Registration Statement is being filed in part to register additional shares of Common Stock issuable upon exercise of the Series H-7 Warrants in order to satisfy the Company's obligations under the Series H-7 Registration Rights Agreement.

Under the terms of the Certificate of Designations and the Warrants, a selling stockholder may not convert the Preferred Shares or exercise the Warrants to the extent (but only to the extent) such selling stockholder or any of its affiliates would beneficially own a number of shares of our shares of Common Stock which would exceed 4.99%, or, at the election of the selling stockholder, 9.99% of the outstanding shares of the Company. The number of shares in the second column reflects these limitations. The selling stockholders may sell all, some or none of their shares in this offering. See "Plan of Distribution."

PLAN OF DISTRIBUTION

We are registering the shares of Common Stock issuable upon conversion of the Preferred Shares, exercise of the Warrants and the Dividend Shares to permit the resale of these shares of Common Stock by the holders of the Preferred Shares and Warrants from time to time after the date of this prospectus. We will not receive any of the proceeds from the sale by the selling stockholders of the shares of Common Stock, although we will receive the exercise price of any Warrants not exercised by the selling stockholders on a cashless exercise basis. We will bear all fees and expenses incident to our obligation to register the shares of Common Stock.

Each selling stockholder of the securities and any of their pledgees, assignees and successors-in-interest may sell all or a portion of the shares of Common Stock held by them and offered hereby from time to time directly or through one or more underwriters, broker-dealers or agents. If the shares of Common Stock are sold through underwriters or broker-dealers, the selling stockholders will be responsible for underwriting discounts or commissions or agent's commissions. The shares of Common Stock may be sold in one or more transactions at fixed prices, at prevailing market prices at the time of the sale, at prices related to prevailing market prices, varying prices determined at the time of sale or at negotiated prices. These sales may be effected in transactions, which may involve crosses or block transactions, pursuant to one or more of the following methods:

- on any national securities exchange or quotation service on which the securities may be listed or quoted at the time of sale;
- in the over-the-counter market;
- in transactions otherwise than on these exchanges or systems or in the over-the-counter market;
- through the writing or settlement of options, whether such options are listed on an options exchange or otherwise;
- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- block trades in which the broker-dealer will attempt to sell the securities as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- an exchange distribution in accordance with the rules of the applicable exchange;
- privately negotiated transactions;
- short sales made after the date the Registration Statement is declared effective by the SEC;
- broker-dealers may agree with a selling security holder to sell a specified number of such shares at a stipulated price per share;
- a combination of any such methods of sale; and
- any other method permitted pursuant to applicable law

The selling stockholders may also sell securities under Rule 144 or any other exemption from registration under the Securities Act, if available, rather than under this prospectus.

In addition, the selling stockholders may transfer the securities by other means not described in this prospectus. If the selling stockholders effect such transactions by selling securities to or through underwriters, broker-dealers or agents, such underwriters, broker-dealers or agents may receive commissions in the form of discounts, concessions or commissions from the selling stockholders or commissions from purchasers of the securities for whom they may act as agent or to whom they may sell as principal (which discounts, concessions or commissions as to particular underwriters, broker-dealers or agents may be in excess of those customary in the types of transactions involved). In connection with sales of the securities or otherwise, the selling stockholders may enter into hedging transactions with broker-dealers, which may in turn engage in short sales of the securities in the course of hedging in positions they assume. The selling stockholders may also sell securities short and deliver securities covered by this prospectus to close out short positions and to return borrowed shares in connection with such short sales. The selling stockholders may also loan or pledge securities to broker-dealers that in turn may sell such securities.

The selling stockholders may pledge or grant a security interest in some or all of the securities owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the securities from time to time pursuant to this prospectus or any amendment to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act amending, if necessary, the list of selling stockholders to include the pledgee, transferee or other successors in interest as selling stockholders under this prospectus. The selling stockholders also may transfer and donate the securities in other circumstances in which case the transferees, donees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

To the extent required by the Securities Act and the rules and regulations thereunder, the selling stockholders and any broker-dealer participating in the distribution of the securities may be deemed to be "underwriters" within the meaning of the Securities Act, and any commission paid, or any discounts or concessions allowed to, any such broker-dealer may be deemed to be underwriting commissions or discounts under the Securities Act. At the time a particular offering of securities is made, a prospectus supplement, if required, will be distributed, which will set forth the aggregate amount of securities being offered and the terms of the offering, including the name or names of any broker-dealers or agents, any discounts, commissions and other terms constituting compensation from the selling stockholders and any discounts, commissions or concessions allowed or re-allowed or paid to broker-dealers.

Under the securities laws of some states, the securities may be sold in such states only through registered or licensed brokers or dealers. In addition, in some states the securities may not be sold unless such shares have been registered or qualified for sale in such state or an exemption from registration or qualification is available and is complied with.

There can be no assurance that any selling stockholder will sell any or all of the securities registered pursuant to the registration statement of which this prospectus forms a part.

The selling stockholders and any other person participating in such distribution will be subject to applicable provisions of the Exchange Act, and the rules and regulations thereunder, including, without limitation, to the extent applicable, Regulation M of the Exchange Act, which may limit the timing of purchases and sales of any of the shares of securities by the selling stockholders and any other participating person. To the extent applicable, Regulation M may also restrict the ability of any person engaged in the distribution of the securities to engage in market-making activities with respect to such securities. All of the foregoing may affect the marketability of the securities and the ability of any person or entity to engage in market-making activities with respect to the securities.

We will pay all expenses of the registration of the securities pursuant to the Registration Rights Agreements, estimated to be $140,000 in total, including, without limitation, SEC filing fees and expenses of compliance with state securities or "blue sky" laws; provided, however, a selling stockholder will pay all underwriting discounts and selling commissions, if any. We will indemnify the selling stockholders against liabilities, including some liabilities under the Securities Act in accordance with the Registration Rights Agreements or the selling stockholders will be entitled to contribution. We may be indemnified by the selling stockholders against civil liabilities, including liabilities under the Securities Act that may arise from any written information furnished to us by the selling stockholder specifically for use in this prospectus, in accordance with the related registration rights agreements or we may be entitled to contribution.

Once sold under the registration statement, of which this prospectus forms a part, the securities will be freely tradable in the hands of persons other than our affiliates.

Item 15. Indemnification of Directors and Officers

Section 102 of the Delaware General Corporation Law ("DGCL") allows a corporation to eliminate the personal liability of directors of a corporation to the corporation or its stockholders for monetary damages for a breach of fiduciary duty as a director, except where the director breached his duty of loyalty, failed to act in good faith, engaged in intentional misconduct or knowingly violated a law, authorized the payment of a dividend or approved a stock repurchase in violation of Delaware corporate law or obtained an improper personal benefit.

Section 145 of the DGCL provides that a corporation has the power to indemnify a director, officer, employee or agent of the corporation and certain other persons serving at the request of the corporation in related capacities against amounts paid and expenses incurred in connection with an action or proceeding to which he is or is threatened to be made a party by reason of such position, if such person shall have acted in good faith and in a manner he reasonably believed to be in, or not opposed to, the best interests of the corporation, and, in any criminal proceeding, if such person had no reasonable cause to believe his conduct was unlawful; provided that, in the case of actions brought by or in the right of the corporation, no indemnification shall be made with respect to any matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the adjudicating court determines that such indemnification is proper under the circumstances.

Our Amended and Restated Certificate of Incorporation contains provisions that limit the liability of our directors for monetary damages to the fullest extent permitted by Delaware law. Consequently, our directors will not be personally liable to us or our stockholders for monetary damages for any breach of fiduciary duties as directors, except liability for:

- any breach of the director's duty of loyalty to us or our stockholders;
- any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;
- unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the DGCL; or
- any transaction from which the director derived an improper personal benefit.

Our Amended and Restated Certificate of Incorporation and Amended and Restated Bylaws (as amended, the "Bylaws") provide that we are required to indemnify our directors and officers, in each case to the fullest extent permitted by Delaware law. The Bylaws also provide that we are obligated to advance expenses incurred by a director or officer in advance of the final disposition of any action or proceeding upon receipt of a written request therefor and an undertaking by or on behalf of the person to repay such amounts if it shall ultimately be determined that the person is not entitled to be indemnified under the Bylaws, except in cases of any claim for which indemnity is excluded pursuant to the Bylaws. The Bylaws also permit us to secure insurance on behalf of any officer, director, employee or other agent for any liability arising out of his or her actions in that capacity regardless of whether we would otherwise be permitted to indemnify him or her under Delaware law.

We have entered and expect to continue to enter into agreements to indemnify our directors, executive officers and other employees as determined by our board of directors. With specified exceptions, these agreements provide for indemnification for related expenses

including, among other things, attorneys' fees, judgments, fines and settlement amounts incurred by any of these individuals in any action or proceeding brought against them by reason of the fact that they are or were our agents. We believe that these provisions in our Amended and Restated Certificate of Incorporation and Bylaws and indemnification agreements are necessary to attract and retain qualified directors and officers. We also maintain directors' and officers' liability insurance. This description of the limitation of liability and indemnification provisions of our Amended and Restated Certificate of Incorporation, Bylaws and indemnification agreements is qualified in its entirety by reference to these documents.

Item 17. Undertakings

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement.

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

Provided, however, that:

Paragraphs (1)(i), (1)(ii) and (1)(iii) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) If the registrant is relying on Rule 430B (§230.430B of this chapter):

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10 (a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(ii) If the registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. *Provided, however* , that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

(5) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(6) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

SIGNATURES

Pursuant to the requirements of the Securities Act of 1933, as amended, the registrant certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Form S-3 and has duly caused this Amendment No. 1 to the registration statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of New York, State of New York, on July 17, 2026.
